UNITED STATES INTELLIGENCE BOARD

MEMORANDUM FOR THE UNITED STATES INTELLIGENCE BOARD

SUBJECT : Status of Overhead Photographic Reconnaissance

REFERENCE: USIB-D-41.19/5 (COMOR-D-72/5)
25 August 1964, Limited Distribution

1. In opening discussion on the referenced paper at the United States Intelligence Board (USIB) meeting on 2 September 1964, the Chairman raised the question of whether these reports should be brought to the attention of the 303 Committee, or whether a brief report by him of finished actions only would suffice. The DIA Member expressed concern regarding distribution outside USIB since it is a status report which USIB merely notes for information. Also, some sections indicate that more definite action might be taken but do not make clear that this report is not the only vehicle used for deciding on such actions.
